District: 8 – San Bernardino
Contact: Terri Kasinga
Phone: (909) 383-6799 (work)
(951) 232-4268 (cell)

PAVING ON SR-18 IN BIG BEAR BEGINS ON MONDAY AUGUST 22, 2005

Big Bear – Caltrans will begin the paving project on State Route 18 in Big Bear on Monday August 22, 2005, weather permitting. The project has been delayed due to recent storms in the area along with efforts to improve the paving material. The work hours are Monday through Friday from 8:00 a.m. to 4:00 p.m. and will require lane closures up to two miles in length. One lane will be closed and one lane open with flagging and pilot cars to pass traffic through the closure with a minimum delay of 15 minutes or less.

The project will begin at Green Way Drive on the east-end of Big Bear Lake and move west through Big Bear City toward Big Bear Dam. The type of asphalt being used is a quick-dry product, which dries in 15-30 minutes, and will allow traffic onto the new roadbed sooner. The project is expected to be complete by the end of September 2005.

Motorists are advised that the speed limit will be reduced in the construction zone and traffic fines will be doubled. Consideration will be given to school buses. Watch for lane shifts and wait for pilot car and flaggers to give directions. Your patience is always appreciated and remember to - ***SLOW FOR THE CONE ZONE.***
